

## Many Violations Reported With Season Opening

21 Cases Clear Through  
Justice Court Here  
In First Week

There were more deer killed, more hunters than ever before and more violations recorded during the opening days of the deer hunting season here than any time in the history of the district, sportsmen and wardens report.

Up to this morning there were 21 violations cleared through the justice court of R. N. Little and many more cases pending, Game Warden Tom Borneman reported.

The local warden, who is being assisted by State Trapper Gilbert Berg and Wardens Ed Hughes and Gene Durney, both of Sacramento, as well as by officers of the U.S. fish and wildlife service and the forest service, estimated that more than 400 legal deer have been validated in the immediate district during the first week of the hunting season.

Dorman Ledford of Yuba City is believed to have killed the first deer. He bagged a three-pointer near Sardine Point and was in Truckee before 7 a.m. He was closely followed by a group of local hunters including Marjorie Hocker, Rufus Gregory, Harry Digesti, Oscar Schumacher, Geno Giovannoni, Dr. Charles Cozzallo and Mrs. Clarence Osburn. Since the opening day, scores of other local hunters have had some success, but for the most part they are waiting for the army of visitors to pull out before risking a trip through the woods.

### Violations Frequent

Among the violations cleared through the office of Justice of the Peace Little at Truckee were Lt. John Turner, Fairfield Air Base, \$500, for possession of a spike buck; Charles Irwin, Watsonville, \$500, shot a doe; Marie Hawkins, Sacramento, failure to fill out tag, \$10; John Grattone, Napa, failure to fill out or attach tag, \$100; Frank Schoenwetter, San Francisco, tag not filled out or punched, \$10; Tom Louis Pappas, Sacramento, allegedly shot two legal deer but failed to tag, \$125; Eva Quinones, Sacramento, tagged deer shot by Pappas, \$25; Lorenzo N. Platt, Playa del Rey, shot spike and brought in for validation, \$50; John B. Durland, Fairfield, spike possession, \$50; Leonard Fisher, Lockford, failure to fill tag, \$10; R. V. Dockery, Yuba City, failure to tag deer, \$50; Joseph LaMonica, Alhambra, failure to tag deer, \$25. Bert Holston, 17, Oakland, charged with possession of a spike was certified to juvenile court and October 5 has been set as the trial date for Arthur Phillips, Fair Oaks, charged with killing a spike.

### In Sierraville

Justice Alden Johnson, Sierraville, cleared the following violations: Kenneth Rudd, San Francisco, possession of doe, \$150; William Castleberry, San Francisco, possession of doe, \$200; Vernon Rudd, San Francisco, killing doe, \$350; John Montero, Fair Oaks, failure to fill out tag, \$50; William Bush, Napa, failure to tag, \$50.

At Kings Beach, Justice Clarke Allen fined Mrs. H. O. Foss of San Rafael \$275 for shooting a spike buck.

Total fines collected amounted to over \$2500 for the first six days of the season in this district.

### Camp Fires Neglected

James Locke and William Rupp of Sacramento were fined \$25 each for leaving unattended camp fires when they appeared before Little. C. C. Durnett, Oakland, was fined \$10 for having no fire permit and B. F. Brown, Port Chicago, paid \$25 for leaving an unattended fire. They were arrested by federal forest service officers.

## Re-Seeding On Burned Range Started At Boca

Airplane Used to Spread  
Cover Over 250-Acre  
Charred in July

The first of a series of experimental range re-seedings by airplane was completed this week on the Truckee District of Tahoe National Forest, reports Ranger E. E. Boehm.

The area seeded is a 250-acre burned over area along the Truckee River 12 miles east of Truckee which burned in July. It is anticipated that the ashes will furnish an ideal seed bed.

The area was formerly covered with a valuable stand of second growth timber which was 90% killed by the recent fire. It is hoped a good stand of grass will result to protect the soil and supplement depleted stock range, the ranger said. Crested wheat, mountain brome and timothy were broadcast.

Heretofore, small plots were planted in the area by using farming methods with much success. The experiment will be watched with much interest in hopes that with specially equipped planes, it will be possible to re-seed depleted grass lands on a large scale.

## INJURED SKI ACE BAGS FORK HORN RESTING ON CAR

The fact that he has been bedfast for the past six months with a badly fractured leg didn't prevent Terry Tollefson, 18 year old ski champion son of Mr. and Mrs. C. A. Tollefson of Big Chief Camp, from getting his deer this season.

Escorted to his favorite hunting ground by his mother and brother, Rex, Terry waited until he spotted his buck 250 yards away. He was assisted from the car and leaning against the fender, took careful aim and brought the animal down with one shot.

Terry suffered the loss of part of the bone in his upper leg during a ski meet at Sun Valley last winter and has since been fighting to save the member which is now improving fast.

He was also engaged in the cattle and ranching business, retiring in 1919. His brother and one-time partner, James Murphy, died two weeks ago in Sacramento at the age of 91.

He is survived by his daughters Mrs. J. F. Reynolds and Mrs. J. T. Healy, both of Oakland.

## Man Shot In Leg By Companion In Deer Hunt Mishap

Manuel Rodriguez, 38, Oakland, is in a Reno hospital with a shattered lower left leg as a result of a hunting accident two miles east of Sierraville Saturday morning. He told Deputy Sheriff Foster Wilson of Truckee that he was shot by a good friend and hunting companion, Manuel Machado, also of Oakland.

According to the story told the local officer, Rodriguez was returning to their car carrying a set of old deer antlers which he had found nearby. As he emerged from the brush, Machado, 75 feet away, who was still hunting, saw the antlers, fired and struck his companion in the leg.

Dr. L. D. Nelson, who gave first aid to the injured man here, said he will possibly lose his leg as the heavy calibre shot shattered both bones.

## Announce Shift In Command Of Highway Patrol

New Sergeant Due Here  
As Fowler Is Moved  
To Auburn

Clifford E. Peterson, Highway Patrol commissioner, last week announced that George W. Haines, newly made patrol sergeant, will be transferred from Auburn to the Truckee station effective immediately, the Western News Service advises.

Haines is one of eight men elevated to sergeant as the result of new positions in the patrol created by the last legislature.

The new sergeant will replace Sergeant H. B. Fowler who has been transferred to Auburn. The Fowler family plans to move to their new home early next month and in the meantime are completing negotiations for the sale of their Gateway Park home to Mr. and Mrs. Laurence Baxter.

Both Fowler and Haines have been with the California Highway Patrol for many years and both are well known throughout the area. Haines will have charge of the Truckee office and the family plans to make their home here next year. The new sergeant has four children.

Fowler was made sergeant following the resignation of Sergeant B. W. Reynolds from the patrol to enter the restaurant business here. Since Reynolds' retirement, Fowler has been in charge under Captain George W. Peterkin of Roseville, headquarters for the local squad.

## ESQUIVEL ADMITS TO RAPE CHARGE, SEEKS PROBATION

Santos Esquivel, 22, Watsonville, accused of rape involving a 16-year-old Truckee girl, entered a plea of guilty when he was arraigned before Superior Judge James Snell at Nevada City and asked probation.

Esquivel was with four other Watsonville youths who are being held on burglary charges growing out of the theft of a quantity of merchandise from Cabona's store. Although Esquivel and the girl were with the four others when they left Truckee following the burglary, the pair left them at Auburn. He was not charged with participating in the robbery of the local store.

## Minor Injuries Mark Week's Traffic Toll

Only minor injuries were suffered in the four motor vehicle accidents reported by the California Highway Patrol during the past week.

Three of the accidents occurred Friday night and the fourth on Sunday morning at 3 o'clock. In the latter, Joseph Smith Truax, 21, of Oroville, who spends much of his time in Truckee, suffered injuries when a car he was driving ran off the highway five miles east of Truckee and was wrecked. Truax was cited by Patrolman William Gautsche for speeding.

Cars driven by Robert H. Boyd, 61, Oakland, and Lloyd F. Garfield, 42, Truckee, sideswiped 3½ miles north of Truckee on the Hobart Mills road at 7:30 Friday evening. Neither occupant was seriously injured. Gautsche cited Boyd for being on the wrong side of the highway.

Another sideswipe mishap occurred seven miles west of Truckee Friday at 10 p.m. and James B. Ring, 50, Sacramento, was cited for being on the wrong side of the road when his car struck one driven by William F. Allen, 18, Rocklin. Gautsche investigated.

Robert D. Carter, 38, Grass Valley, was not seriously injured when his car was forced off the road near Rainbow Friday night. Patrolman George Schrom issued no citation.

## Sun Beams

by Walter M. Barrett

The wanton slaughter of does, fawns and spikes, whose carcasses are left to rot in the woods during deer hunting season, is slowly but surely exterminating the Rocky Mountain herd throughout this district. Unless the sportsmen themselves take some action to prevent this destruction, it may not be too long before deer hunting will follow the grouse, sage hens and other nearly extinct game into oblivion. Many sportsmen feel they are "stool pigeons" if they report a violation to the over-taxed officers, but they are sadly mistaken. The deer belong to the people, whether they hunt or not, and should be treated as private property. No good citizen would hesitate to report a burglary of his neighbors' home or do what he could to prevent it and yet, with illegal deer—a property of equal if not of more value—he turns his back rather than be an informer. A suggestion, which sounded more than reasonable, was offered to deputize the Truckee Ski Posse during hunting season to bring to justice some of the "trigger happy" gunmen who invade the area under the false guise of sportsmen. Stiff penalties, including a few jail sentences, might end the terrific slaughter of illegal deer and assist in maintaining the herd for present and future sportsmen. If we are to perpetuate the sport, something must be done soon.

Another practice which should be stopped, but for which there is apparently no cure, is the abandoning of dogs during the hunting season. Hunters go into the woods with dogs to scare up the deer. After the hunt is completed, the dogs are not immediately visible and, anxious to return home, the hunter pulls out and the dog is left to starve or wander into places of habitation where he remains as a nuisance, unwanted and uncared for. And these people like to call themselves sports.

## Funds Assured From State For Local Hospital

Greatest Need Is Basis  
For Allocation Says  
Dr. Halverson

Definite assurance that the Tahoe Forest Hospital District can proceed with the construction of a new \$400,000 modern hospital plant early next year was received in a telegram by Charles R. Heller, board president, today which said the local board's application for federal and state assistance had been approved.

The message from Dr. Wilton O. Halverson, director of the state department of health, said:

"Department recommends as public health service approval of application. Amount and conditions will be covered by letter which follows."

The local application was for \$255,000 to match the \$150,000 authorized by the district through a bond election held here last month.

Plans for the hospital have been drawn and approved by Architect George Sellen of Sacramento and it is anticipated that work will start on the site, half a mile west of Truckee at Gateway Park, early next year so that the unit can be completed before next winter, Heller said.

Under the public health plan, the hospital must meet all state and federal requirements and when completed will be modern in every respect, including 12 beds, surgery, kitchen, heating plant and other facilities.

Members of the governing board directing the operation are Heller, James Sherritt, Ray Scott, F. B. Sederberg and Ted Barrett.

The state will spend \$1,725,000 of its own funds and \$2,574,000 in federal funds for the hospital aid program in 1949-50. Dr. Halverson told Western News Service following a meeting of the state advisory hospital council.

Beside the local project, the allocation will go to eight other general hospitals, one tuberculosis sanatorium, one hospital facility for chronic sick and one county health center. These are located at Redding, Modesto, Eureka, Hayward, Chester, Jackson, Richmond, Needles, San Fernando, San Francisco and Fresno.

The hospital allocations, Dr. Halverson said, are made on the basis of greatest need. Additional allocations will be made when more funds are allocated.

**Bears Create Nuisance Around Homes, Resorts at Tahoe**

TAHOE CITY—Bears of all sizes and ages have given Tahoe residents a bad time all summer but the only damage has been to garbage cans. All through the summer, complaints have come in to the forest service and Constable Harry Johanson that garbage cans nightly were being turned over with refuse scattered all over the yard.

Near Homewood two large bears were reported seen frequently by vacationists and at Waleswood Lodge, the resort of Mr. and Mrs. Stanley Bolton of Tahoe Park, a couple of cub bears have furnished entertainment all summer to their guests. Awakened during the night, one guest, Luther Elrod of San Jose, reached the window just in time to see the cubs scamper over the hill in the moonlight after their nightly forage in the resort's garbage.

**National Slalom Event Set for Sugar Bowl**

Among the national ski competition dates set was the giant slalom races at Sugar Bowl on Donner Summit on March 12.

Another evening, the Bolton's daughter, Carolyn, heard a noise at the back door of their home and upon opening the door to investigate came face to face with a startled bear. Each ran in different directions, one as frightened as the other. Mrs. Bolton reports that bears have bothered them more this summer than during any previous year.

At the Tahoe Park camp grounds, bears still are making nocturnal visits to the garbage cans, although they are seldom seen by anyone.

During her life she also resided at her farm home near North Wareham, Mass., but recently had remained on the west coast close to her family. She had been a frequent visitor throughout her life at Glenbrook Hotel on the Nevada shore of the lake. During the time her brother C. T. Bliss managed the Tahoe Tavern, she summered there annually.

The 600-acre Bliss Memorial Park at Emerald Bay was donated to the state of California by Miss Bliss and her late brothers, Duane and Will Seth Bliss, and brothers Walter of San Francisco and C. T. Bliss of Piedmont, who survive her. Also surviving are a nephew, Will M. Bliss, manager of Glenbrook Hotel, and a niece, Mrs. Elizabeth St. Sure of Piedmont.

## Tahoe Letter FROM SWANEE

Tahoe City, Sept. 19, 1949

Dear Tahoeites:  
It's that wonderful time of the year again—Indian Summer—at Lake Tahoe. The days have been heavenly, with cool nights and mornings. Autumn is definitely in the air and tinting the aspen and willows along the river.

We Swansons had our first deer liver dinner Sunday and it was a real treat. Although neither of my men have gotten a buck yet, we were fortunate in sharing two deer—Jay Shontz's and Jim Morhain's.

Both good and bad luck have been reported by local hunters, some seeing only does and fawns, some missing fairly good shots and some hiking all day and seeing nothing. Constable Johanson checked in ten bucks opening day and eight were checked in at the Tahoe Park checking station. Many of the deer shot in this area are as fat as butter and this is attributed to the plentiful supply of acorns now found in the wooded districts.

An urgent and timely warning comes to today's hunters from the fish and game commission and the U.S. forest service. They declare that unless the killing of fawn and spike bucks is discontinued at once, there will be no hunting next year, for the spikes, does and fawns are being ruthlessly slaughtered and left on the hillsides in enormous numbers throughout the district.

The next time L. J. Tracy of Sonoma goes hunting, he will probably take along a companion. He and his wife are guests at Waleswood Lodge in Tahoe Park. On Saturday, Tracy left around 8:30 a.m. to get himself a buck in the Ward Creek area. He climbed to the top of the first ridge above the road and there he had no trouble in stopping a 175-pound four pointer—but it took him until 2 p.m. to get the animal down alone.

Two more Tahoeites, I've heard, complained of bears this summer. They are Dr. Hood of Carnelian Bay and Mrs. E. B. King of Tahoe Tavern Heights. At the King home, the latter watched a big bruin actually lift a garbage can out a pit in which it was sunk, scatter the garbage along a nearby road and leisurely sort out the tasty tidbits which pleased his taste. The forest service, measuring the huge footprints, estimated the bear to weigh at least 500 pounds.

The C. W. Vernons of Tahoe City this week have a letter from daughter Lillian (now Mrs. Harold Farr of Oakland) that she has just returned from an Oakland hospital where she underwent an appendectomy and is recuperating in good shape. Her husband has just completed another apartment on his Oakland apartment house.

Constable Harry Johanson's registered Samoyede, Christina, on Sunday presented him with a litter of seven puppies. He plans to keep one of the pups as a spare for his sled dog racing team, all beautiful white Samoyedes and members of the same family. Johanson's team, which raced in the Truckee Dog Derby last winter when only 10 months old, are now in training and their owner hopes to capture some top honors with them when the racing season rolls around this winter.

Mr. and Mrs. Charles Sherman reportedly have traded their Tahoe Lodge Resort at Sunnyside for an almond orchard at Escalon. Their package liquor store, which adjoins the main resort building, was reported sold to another party whose name was not revealed. The Shermans have left

GOOD NEWS.

# WHY THE MISSOURI PACIFIC RAILROAD STRIKE?

Over twenty years ago, the Congress of the United States passed the Railway Labor Act. It was hailed by union leaders as a model for the settlement of labor disputes.

THE LEADERS of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Order of Railway Conductors, and the Brotherhood of Railroad Trainmen on the Missouri Pacific Railroad have refused to avail themselves of the peaceful means provided by this Act for settling their disputes. They insist that they be the sole umpire of their own disputes over the meaning of contracts.

### There is no Need for Strikes

With all of the available methods for the interpretation of contracts, there is no need for a strike or even a threat of a strike, but the leaders of these railroad unions have ignored the ordinary procedures established by law and insist upon imposing their own interpretations of their contracts by means of a strike.

The wheels have stopped rolling on the Missouri Pacific. They may stop rolling on other railroads at any time. Recently the Wabash Railroad was forced to discontinue operation for several days under similar circumstances.

### What are These Strikes About?

These strikes and strike threats are not about wage rates or hours. They result from disputes over the meaning of existing contracts. They cover claims for a full day's pay for less than a day's work, or for payments for services performed by others who were fully paid for the work done.

### President Truman's Board Condemns Strike

There is an established legal method for handling disputes involving existing written contracts—just as there is such a method of settling any contract dispute which you may have in your daily life.

The President of the United States appointed a Fact Finding Board to investigate and adjust the Missouri Pacific dispute. This Board reported, in part, as follows:

"... it is with a deep sense of regret that we are obliged to report the failure of our mission. It seems inconceivable to us that a coercive strike should occur on one of the nation's major transportation systems, with all of the losses and hardships that would follow, in view of the fact that the Railway Labor Act provides an orderly, efficient and complete remedy for the fair and just settlement of the matters in dispute. Grievances of the character here under discussion are so numerous and of such frequent occurrence on all railroads that the general adoption of the policy pursued by the organization in this case would soon result in the complete nullification of the Railway Labor Act."

Obviously the railroads cannot be run

efficiently or economically if the leaders of the unions ignore agreements or laws.

### Provisions of the Law which are Disregarded

There are five ways under the Railway Labor Act to settle disputes over the meaning of contracts:

- 1—Decision by National Railroad Adjustment Board.
- 2—Decision by System Adjustment Board for the specific railroad.
- 3—Decision by arbitration.
- 4—Decision by neutral referee.
- 5—Decision by courts.

The Missouri Pacific Railroad has been and is entirely willing to have these disputes settled in accordance with the requirements of the Railway Labor Act. Regardless of this fact, the union leaders have shut down that railroad.

### Innocent Bystanders Suffer Losses and Hardships

There are about 5,000 engineers, firemen, conductors and trainmen on the Missouri Pacific. They are known as "operating" employees, and are the most highly paid of all employees on the nation's railroads, but their strike action has resulted in the loss of work to 22,500 other employees of the Missouri Pacific. In addition, they have imposed great inconvenience and hardship upon the public and the communities served by that railroad.

The Railway Labor Act was designed to protect the public against just such interruptions of commerce.

If these men will not comply with the provisions of the law for the settlement of such disputes, then all thinking Americans must face the question, "What is the next step?"

WSOS Conference of the Sacramento District was held at Hotel Brockway last week with 62 women registered there and with Mrs. Jack Doty presiding. Reports from all districts were informative and enjoyable. Mrs. Royston beautifully rendered several solos. After the business meeting the group retired to the water's edge where Mrs. Royston sang "Stranger of Galilee" before dismissal. Mrs. Lang of Grass Valley gave the group an opportunity to enjoy a trip to Alaska through her travelogue of a recent visit there. Mrs. Mosier headed a sightseeing caravan, going to the highest elevation of Mt. Rose highway for a majestic view of Lake Tahoe. After a most satisfying tour of our awe-inspiring hills, return to headquarters was via the Open Air Chapel of the Wee Kirk of the Pines where were heard the melodious chimes.

Wee Kirk of the Pines Sunday worship will continue to be held at the Open Air Chapel so long as the weather permits. Church School continues to meet at the regular hour in Carpenters' Hall on Bear Street in Kings Beach.

Imagine a cabbage weighing 25 pounds and a turnip tipping the scales at 12 pounds! Haven't seen anything like it around here, have

you? A recent letter from Ace Abbott to Mrs. Abbott tells of a visit to the Territorial Fair in Alaska where he actually saw these things. I've heard tales of the huge vegetables grown up there but it sounded a little like a fairy tale. Now we have verification of it by one from among us.

The Sorensen family had venison this week along with a good many other successful hunters. However, a lot of those red capped boys are still wearing that wistful look. Don't worry, fellows, there are plenty of hunting days left. The biggest buck of them all is out there in the woods somewhere. And, it is such fine sport to be out in the hills, not every moment looking for a kill, but some of the morning spent in gazing out over Tahoe nestled in the Lap of the Gods.

A group of local boys packed back into Desolation Valley to get their deer and brought back trout! Others have had a wonderful time in Euer Valley with still little luck so far as that elusive buck is concerned.

Snowden Burch went to San Jose last week to see his old doctor and returned home feeling much better.

Mrs. Royston left this week for eastern Oregon where she will take care of an ailing sister-in-law.

Helen and Art Buehler of San Jose are visiting Helen's parents, Mae and George Meisenheimer. By the way, Art, I hear that was a big buck you bagged.

Mr. and Mrs. Mervin Sanders were weekend guests of the Orlan Sanders of Tahoe Vista.

John Hallee, a cabinet maker of old school who learned his trade in Denmark many years ago and has lived in Merced for over 30 years, was a guest in the Burroughs home over the past weekend. Other guests of The Burroughs included Dee Roland of Merced and Marjorie Johnson of Modesto.

Mulford Miles was in Auburn last Tuesday.

More and more windows are being hidden daily with shutters. The quiet peacefulness of Fall, with a shadow of sadness, grips one momentarily as each shutter goes up.

Miss Jennie is a retired teacher, Mrs. Kreiger is a niece of the Loharum sisters and Kreiger has been an employee of Railway Manufacture for 40 years.

## Protest Veteran Tally Of U.S. Census Bureau

**SACRAMENTO** —(W.N.S.)—The federal government was taken to task this week on its proposed count of California veterans.

Lawrence C. Stevens, state director of veterans affairs, said the proposed count of the federal census bureau, which contemplates asking every person in five counted if he is a veteran, will not give an accurate count. The original plan of the bureau, Stevens said, was to ask every person in 20 if he was a veteran multiply the answers by 20 and then inform the state as to the number of veterans. With the new proposal, one person in each five will be asked, the answers multiplied by five and that will be the veteran count for the state.

Veterans in California, however, want a full count of the number of veterans in the state.

The reason for the concern is that the Veterans Administration allocates veterans facilities to a large extent on the veteran population in various areas.

### Returns Home—

Mrs. Elden Tonini arrived home this week from Woodland where she has been the guest of Mr. and Mrs. Clair Goode while undergoing medical treatment.

### To Mill City—

The Alva Johnston family is leaving Truckee for Mill City, Oregon.

**Milk Consumption Up**  
Americans drink more than 60 million quarts of fresh milk and cream every day, 14 percent more than average daily consumption before the war. The U. S. is the greatest dairy nation in the world. One of every 15 American families depends in some way on milk for a livelihood.

## 18-Year-Olds Warned They Must Register

**SACRAMENTO** —(W.N.S.)—The state selective service system today called attention of young men reaching 18 years of age to the law which requires registering for military service. College and university stu-

dents, Col. K. E. Leitch, state director, said, may register at the local board nearest their school but should give the board their "home" address.

Requirements to register, Col. Leitch emphasized, are in no way altered because there have been no inductions within the past few months.

### Bridge Winner—

Charles Arnoldy, president of the Sacramento Bridge Association, reports Mrs. Anna Filipic, formerly of Truckee and now of Sacramento, is this year's winner of the association's annual individual bridge tournament. Nearly 50 persons from Sacramento and other valley towns attended the bridge matches.

### Lesters Here—

Mr. and Mrs. William Lester of Orange County, former Truckee residents when Lester was at the quarantine station and Mrs. Lester was employed by the OPA, were local visitors this week.

### Visits Today—

Mr. and Mrs. Dave Swanson of Zillah, Wash., were Truckee visitors today. Swanson, who formerly worked at the Sierra Sun, now has his own newspaper in Washington.

BARBARA REALIZED THAT DEATH WAS NEAR, YET SHE WALKED PROUDLY TOWARD THE SACRIFICIAL ALTAR, ON WHICH SHE PRESENTLY WOULD DIE.

GLUXA LED THE PROCESSION THRICE AROUND THE ALTAR'S BASE, THEN UP THE SLOPE TO ITS TOP.

"PREPARE THE VICTIMS!" GLUXA CALLED TO THE GUARDS AT THE HIGH PRIEST'S COMMAND.

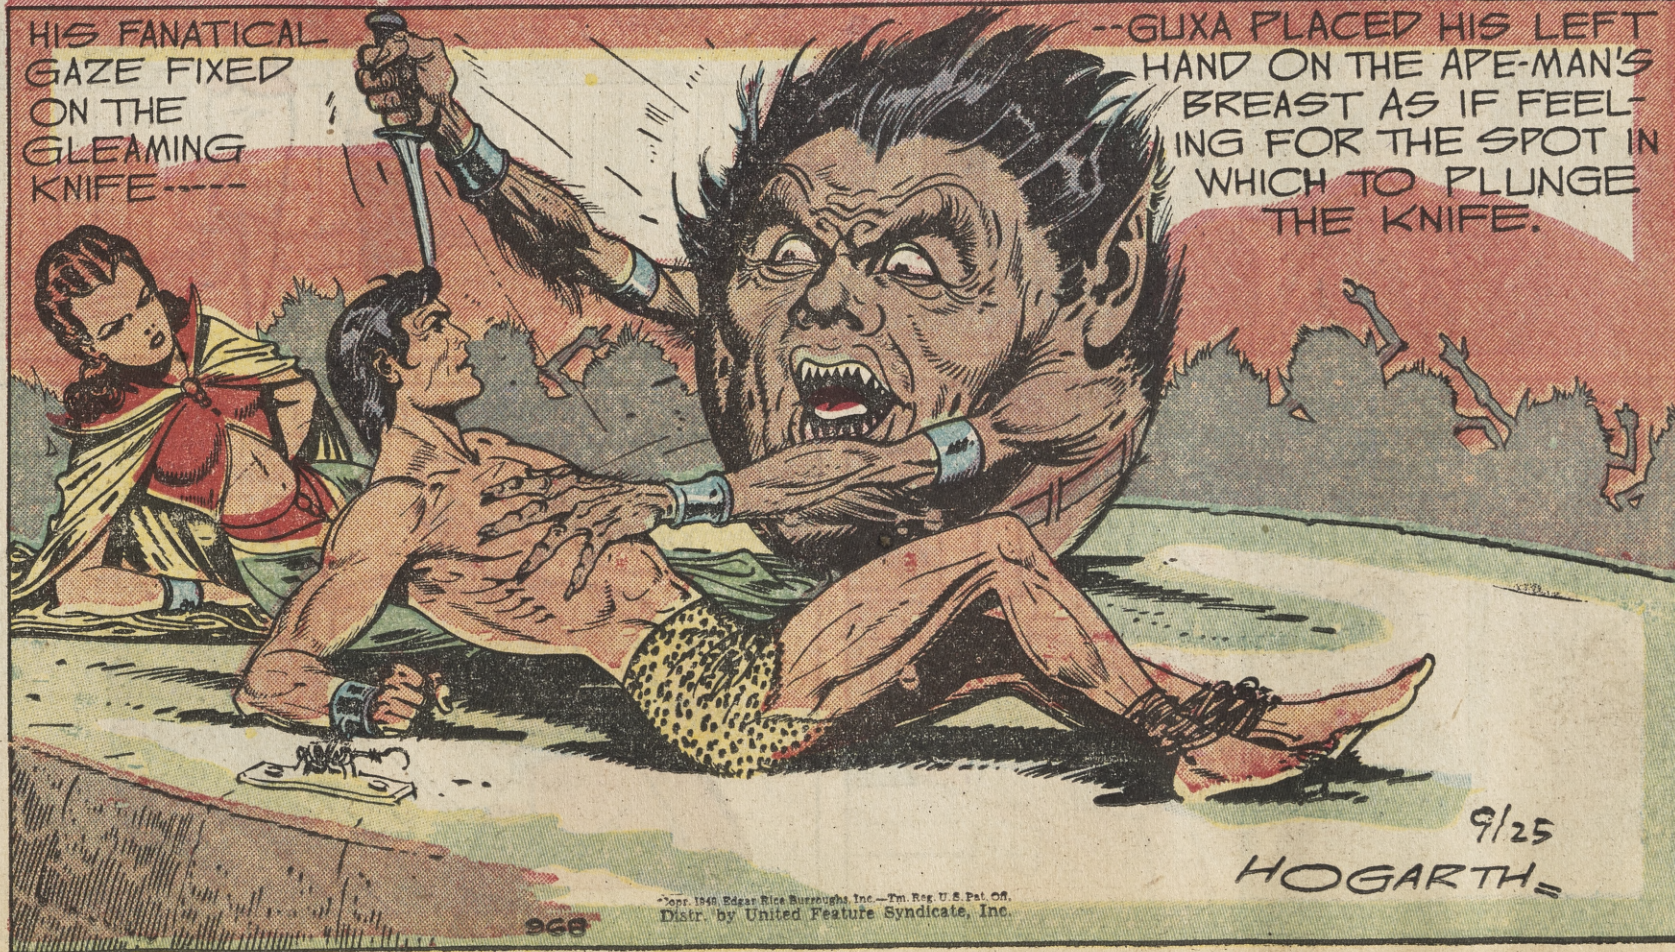

---BARBARA WAS PLACED ON THE ALTAR BESIDE TARZAN. "I'M AFRAID, TARZAN," BARBARA WHISPERED.

"A CHINESE ONCE SAID," TARZAN ANSWERED GRAVELY, "BIRTH IS NOT THE BEGINNING, NOR DEATH THE END."

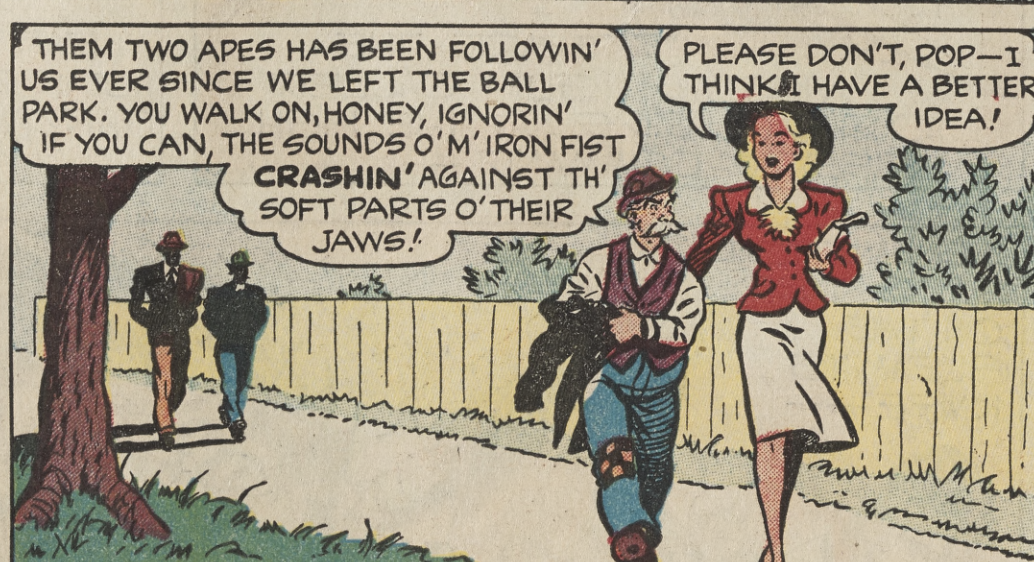

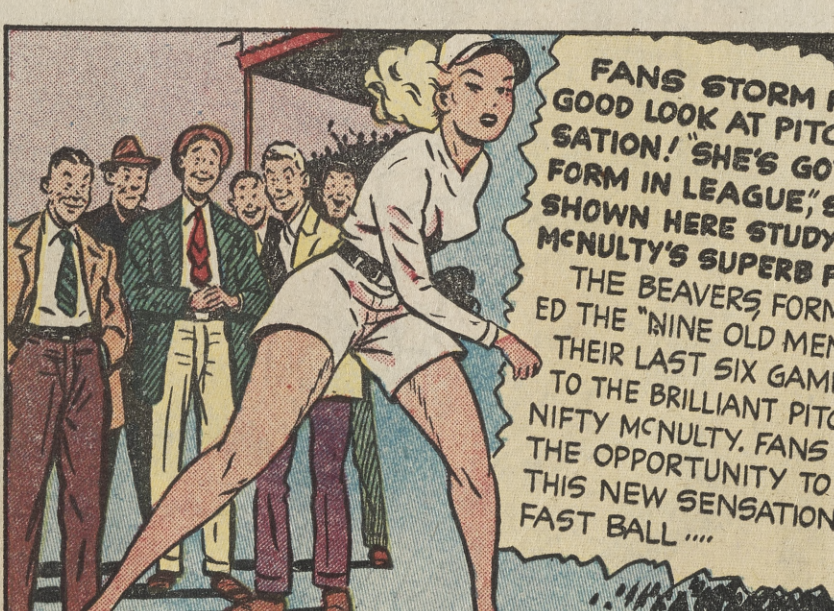

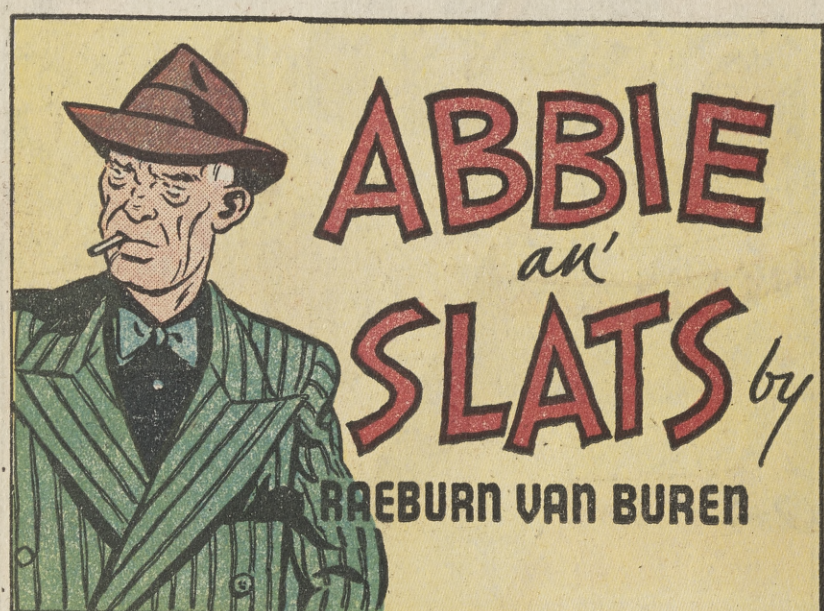

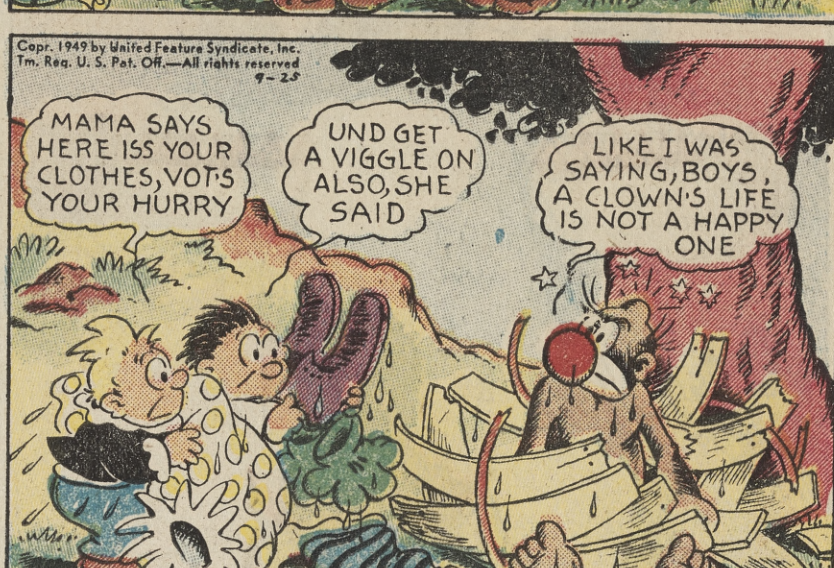

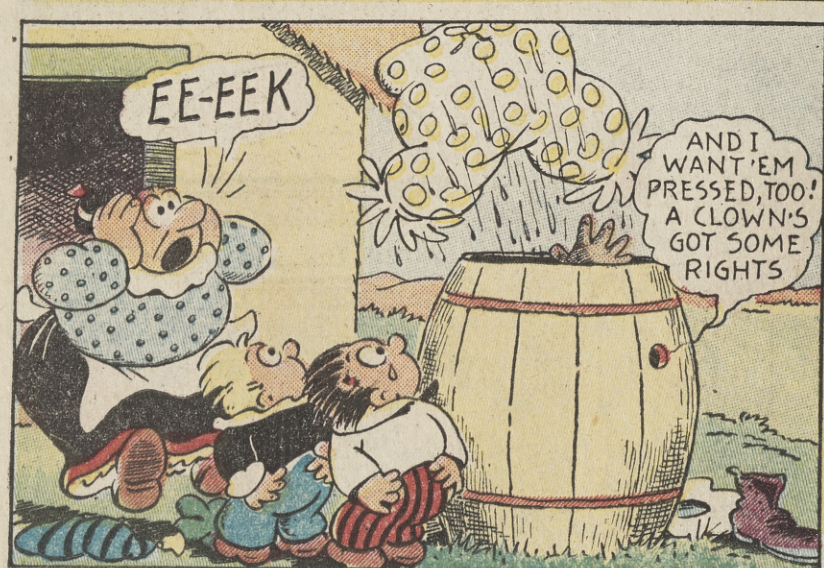

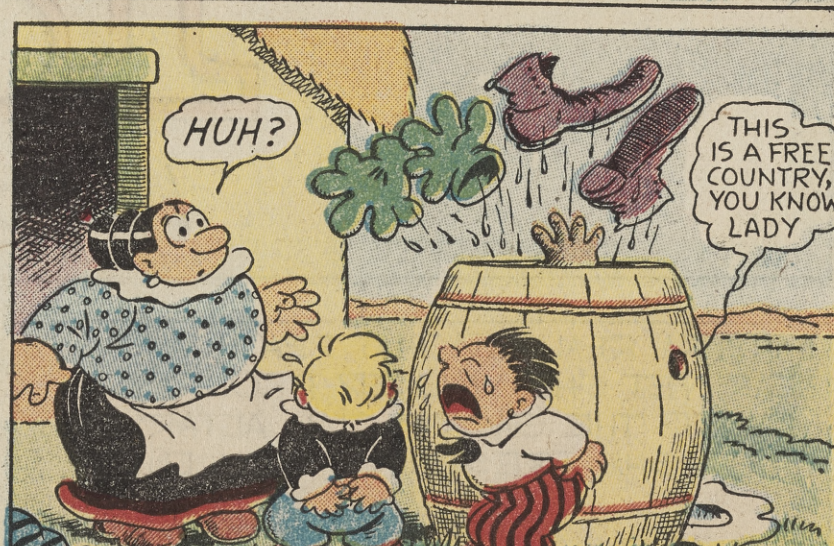

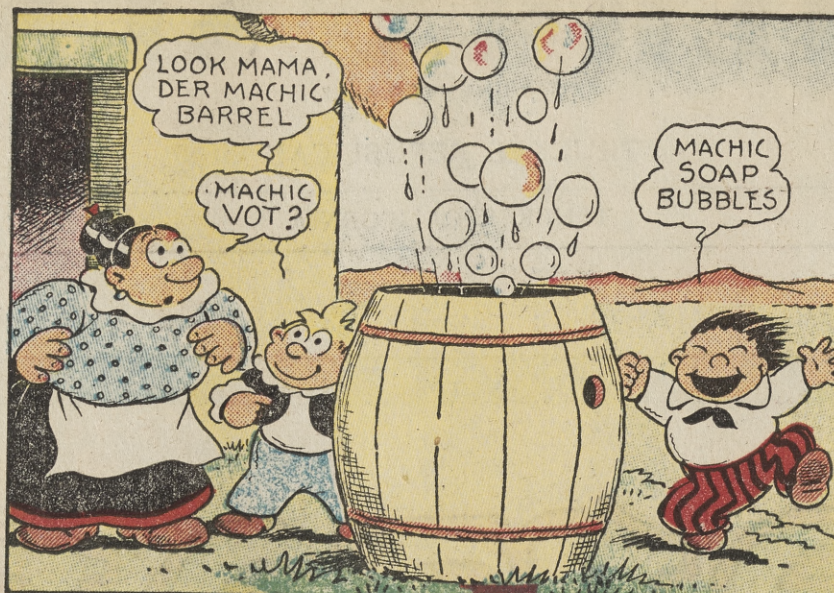

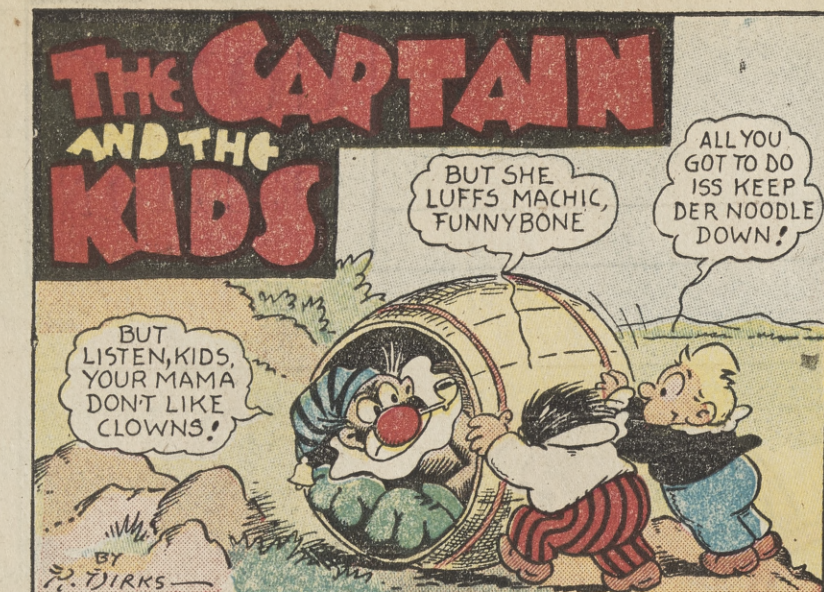

HIS FANATICAL GAZE FIXED ON THE GLEAMING KNIFE.
